

ANAND KUMAR G

Senior Product Designer / Senior UI-UX Designer

Hyderabad, India | +91 8978504360 | anandkumargatta@yahoo.com | linkedin.com/in/anand-gatta | anandgatta.com

PROFESSIONAL SUMMARY

Senior Product Designer with 13 years of overall design experience, including 4+ years specializing in SaaS and B2B product design. Skilled in translating user needs and business goals into accessible, scalable, and user-centered digital products. Strong collaboration with product and engineering teams, and experienced in leveraging AI for design research and component workflows.

PROFESSIONAL EXPERIENCE

Independent Design Consultant | Self Employed

January 2026 – Present

- Transform business requirements into user journeys, wireframes, prototypes, and production-ready UI for startups and businesses across web and mobile.
- Build scalable design systems and reusable component libraries.
- Use AI tools to accelerate ideation, interface design, visual creation, UX writing, and design iteration.
- Create interactive prototypes using Figma, ProtoPie, and Framer.
- Collaborate with developers and contribute to front-end implementation using HTML, CSS, React, and AI coding tools.
- Design dashboards, landing pages, SaaS products, and mobile applications.
- Conduct UX audits and heuristic evaluations to improve usability.

Senior Product Designer | ValueLabs UXG, Hyderabad

May 2021 – January 2026

- Owned end-to-end product design for enterprise SaaS, AI, and FinTech platforms, from discovery through delivery.
- Conducted user research and usability testing to uncover problems, validate directions, and identify friction points before development began.
- Translated complex business requirements into user flows, wireframes, and high-fidelity interfaces in Figma.
- Built and maintained scalable design systems adopted across multiple product teams.
- Redesigned onboarding based on research findings, reducing an 8-step flow to 3 steps and improving completion rates.
- Partnered closely with product managers and developers to ensure design quality and consistency through implementation.

Lead UX & UI Designer | GrabOn & SellersCommerce, Hyderabad

April 2015 – May 2021

- Designed user interfaces for B2B e-commerce and seller platforms, focusing on improving merchant workflows and business efficiency.
- Translated business requirements into user flows, information architecture, wireframes, and high-fidelity UI designs.
- Conducted competitor analysis, secondary research, and heuristic evaluations to identify usability gaps and improve user experience.
- Redesigned key seller journeys and workflows to simplify complex tasks and reduce user friction.

- Designed dashboards, forms, tables, filters, and data-driven interfaces to improve seller operations.
- Created reusable UI patterns, design guidelines, and documentation to maintain consistency across products.
- Designed micro-interactions and UI states to improve system feedback and usability.
- Produced detailed design specifications and annotations to support smooth developer handoff and accurate implementation.
- Collaborated with product managers and developers to deliver scalable, user-focused solutions.
- Validated design decisions through usability reviews and iterative improvements based on feedback.
- Received the HYSEA Best Design Award (2016) for design excellence.

Graphic Designer | Deccan Imports, Hyderabad

April 2013 – May 2015

- Designed logos, branding, and marketing creatives.

3D Character Animator | Pixel Fx Animation & VFX Studio, Hyderabad

December 2012 – June 2013

- Animated 6 episodes of Walt Disney's international 3D series 'Sabrina', released across 5 countries.

CORE SKILLS

Product Strategy:

Product Discovery, UX Strategy, Design Thinking, Competitive Analysis, User Journey Mapping, Information Architecture

UX & Product Design:

Wireframing, User Flows, Interaction Design, Mobile Design, Responsive Design, Dashboard Design, Enterprise UX, Accessibility (WCAG)

Design Systems:

Component Libraries, Design Tokens, Auto Layout, Documentation, Developer Handoff

AI-Driven Design:

AI-assisted Product Design, Prompt Engineering, AI UI Generation, AI Component Design, AI Image Generation, AI Video Generation, AI Content Generation, Rapid Prototyping

TOOLS & TECHNOLOGIES

Design: Figma, Sketch, Adobe XD, ProtoPie, Photoshop, Adobe Illustrator, Miro, FigJam, After Effects, Framer

Development: HTML, CSS, React, Tailwind CSS, Git (Basic)

AI Tools: ChatGPT, Claude, Gemini, Figma AI, Framer AI, n8n

EDUCATION

Diploma in Design & Animation, Arena Animation, Hyderabad (2012)

CONTINUING EDUCATION

- User Research Methodology, Imaginexp
- Accessibility & WCAG AAA Standards, self-directed, applied to live projects

LANGUAGES

English, Hindi, Telugu
